		Lead Time	2 WEEKS	
		Quantity	Unit Price	Disc %
		1.00	42.43000	Net Price
				42.43000

*Lead times are given as good faith estimates based upon our production schedule the day quoted. Lead Times are based upon prompt receipt of all necessary information, and do not include transit times. Revisions to quoted specifications, delays in ordering, or delays approving factory proofs may result in an extension to the times given.

* All orders subject to Schaefer's Conditions of Sale as listed in our current pricing guide. Please review for info on terms, freight, damages, taxes, warranties, etc. Single order shipments of \$2000 or more qualify for freight allowance. Enclosures over 96" tall, and orders shipping west of the Rocky Mountains are excluded from the freight allowance policy.

* Effective September 1, 2006, Schaefer's standard paint finish is Textured RAL 7035 (light gray). Our former finish, ANSI-61 (darker gray) will still be available at no charge. ANSI-61 finish must be specified by placing "-A61" at the end of the part number when placing order.

* Please reference quote number when placing order. Failure to reference quote number may result in order delays. If modifications or revisions are required after items are quoted, they should be directed to the quoting department for revision prior to placing order to prevent processing delays.

Thank You!
